

Auxiliary Home Generators:

Some residents have contacted me regarding home generators and what options are available to supplement the NOVEC electrical service. I would recommended contacting Mr. Paul Dressler of Benfield Electric Inc. For those of you who were at the NOVEC HOA meeting, Mr. Dressler spoke on the HOA's behalf as our resident expert. The time and professional expertise he has provided us has been extremely beneficial. Mr. Dressler's company has an outstanding reputation in both residential and commercial installations and has installed multiple systems in our subdivision.

Be sure to ask about the special [Fairfax Station Discount](#).

I would also recommend Craig Staples of Staples Electric LLC. at [703-944-7678](tel:703-944-7678) or www.StaplesElectric.com for smaller portable (Lowes or Home Depot) generator system installs.

Hope this helps.
